

フィジカルAIの社会実装に向けた 事業検討の開始について

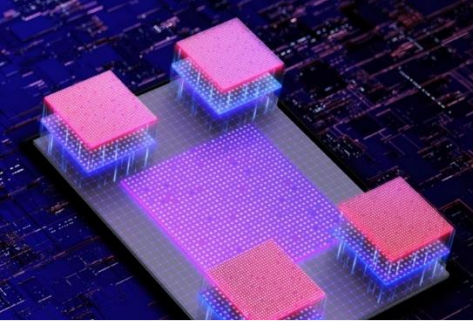

Announcement regarding the start of exploring
physical AI development and implementation
across industries.

2026年 7月 16日

July 16, 2026

富士通株式会社

Fujitsu Limited

FUJITSU

FANUC

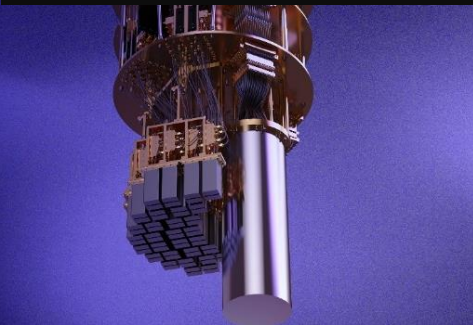

YASKAWA

Kawasaki

Exploring physical AI development and implementation
across industries, integrating NVIDIA technology

Vertically Integrating Robots and Business Applications

Manufacturing

Logistics

Healthcare and
Nursing Care

Leading companies in
the robotics industry

FANUC

YASKAWA

 **Kawasaki**

Next-generation CPU

FUJITSU-MONAKA

Fujitsu Kozuchi
Physical OS

Collaborative control and task planning that connect the digital and physical worlds

Industry-specific LLM : Takane

Multi-robot task planning
and collaborative control

Predicting conditions
across entire work sites

Cyber security measures for robots

Collaborative motion control

NVIDIA

NVIDIA Isaac

NVIDIA Omniverse

Newton

Business applications

Production management
systems

Logistics management
systems

Healthcare and nursing care
information systems
