Environmental Action Plan

Fujitsu Group Environmental Action Plan (Stage IX)

The Fujitsu Group formulated Stage IX of its Environmental Action Plan (FY 2019-2020) based on a structure of four critically important categories. To address issues in the supply chain and in three areas of societal challenge, namely climate change, resource circulation and the SDGs, a total of 11 targets were set. The results for each target are shown in the table below, and we were able to achieve all the targets. Please refer to the following pages for a detailed approach to them.

Targets (till the end of FY 2020)	Results for FY 2020
Climate Change	
1. Reduce greenhouse gas (GHG) emission from business sites by more than 14% (compared to FY2013). Reduce GHG emission by 2.1% year-on-year through voluntary efforts.	32.7% reduction and 2.4% reduction through voluntary efforts
2. Improve PUE (Power Usage Effectiveness) of our data centers by 2% or more compared to FY 2017.	2.0% improvement
3. Increase renewable energy usage by more than 20% compared to FY2017.	22.2% increase
Resource Circulation	
4. Promote eco design for resource saving and circulation and increase resource efficiency of newly developed products by 25% or more (compared to FY 2014).	27.5% increase
5. Reduce amounts of waste generated by an average of more than 5% compared to FY 2012-2014 (14,226 t/year).	34% reduction
6. Maintain over 90% resource reuse rate of business ICT equipment.	91.6% achievement
7. Reduce total water usage by 1% compared to FY2017.	2.2% reduction
8. Limit the release of chemical pollutants (PRTR) to less than the average of FY 2012-2014 (Target 17.4t/year or less).	6.1 tons
Supply Chain	
9. Reduce CO_2 emission due to power consumption during product usage by more than 14% (compared to FY2013).	37% reduction
10. Drive activities to reduce CO_2 emissions and conserve water resources in the upstream supply chain.	・ Reducing CO_2 emissions: Requests to implement reduction activities were relayed via the Fujitsu Group's key partners (approximately 700 companies) to secondary partners (more than 60,000 companies). ・ Conserving water resources: Completed requests to the Fujitsu Group's key partners (approximately 700 companies) to undertake activities.
SDGs	
11. Contribute to the achievement of SDGs through ICT services.	Shifted to online presentations and education etc. both internal staff initiatives and external business promotion initiatives, and implemented 39 measures.
